

## **REMARKS**

### **Overview**

Claims 1, 3-16, 18-20, 22-57, 59-74, and 76-89 are pending in the present application. Several claims have been found allowable if appropriately rewritten. The present response is an earnest effort to place all claims in proper form for immediate allowance. Entry and passage to issuance is therefore respectfully requested.

### **Claim Objections**

Claim 16 states "vinyl/acrylic" rendering this claim indefinite rendering the scope of the claim unascertainable. Claim 16 has been amended to change the objected-to phrase to "vinyl and acrylic". Support for this language can be found at least at Applicants' Specification page 9, line 10. This language is also supported by original claim 16, which forms a part of the original Specification. It is respectfully submitted the objection to claim 16 has been remedied.

### **Claim Objections**

Claims 25, 62 and 79 are objected to as being dependent upon a rejected base claim, but would be allowed if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Claims 26, 27, 63, 64, 80 and 81 are objected to for depending from 25, 62 and 79.

Independent claims 1, 56, and 73 have been amended to include the material limitations of allowable claims 25, 62, and 79 respectively. It is therefore respectfully submitted claims 1, 56, and 73 are allowable as those limitations along with the limitations of any intervening claims, place them in form for allowance.

Claims 13, 22-25, 42-55, 60-62, and 78-79 have been cancelled without prejudice. Some of the remaining dependent claims have had their dependency changed because of the cancellation of certain claims.

It is therefore respectfully submitted independent claims 1, 56, and 73 are allowable as well as the remaining dependent claims.
